**Comments About the Film**

“Avakian skillfully weaves together the unique challenge we confront with the very specific brand of American fascism... the white nationalist Christian fascism of Pence, together with a historical context of how we got here—while issuing a very specific call to action now because this is a true worldwide emergency.”

—Matthew Shipp, Musician and composer

“...more important than a wake-up call, it’s a call to action... so we can fight, resist, organize, mobilize against this fascist regime that we have in the U.S.”

—Father Luis Barrios

...Bob Avakian is a compelling advocate for real social change, and the more his voice and vision are exposed—and this film ... is a powerful vehicle—the more I’m convinced that others will feel a need to join him on the ramparts.”

—Herb Boyd, Author, journalist and activist
